

End of financial year is upon us. Seems to be the time for sales and special offers, I'm seeing them everywhere. Quick frankly there is always an excuse for a sale or special offer. I do a special offer every month with this newsletter. Not to mention my software or various information products as well, I'm always marketing and promoting something. You don't have to wait for the EOFYS to promote your products or services. Tie your marketing efforts in with the many monthly events / holidays that go on throughout the year.

Straight onto Netrospect matters for this month. The network issues experienced at the Sydney datacenter in April seem to have been sorted, but with denial of service attacks you never know when one might strike. This is why we are still working on moving accounts away from that datacenter. This has taken considerable time (over 2 months in fact), since only one or two accounts can be moved at a time. With the PHP software on the new server being a newer version some websites have required maintenance to upgrade them at the same time as the move.

And remember, as Netrospect Inner Circle Members you can always give me a call to discuss your website. No question is too small or too large. I'm here for you.

Web Site Tip #19 – Setting up Email Accounts

This month it's time to cover another [cPanel video tutorial](#). I think the most help I end up giving people is with email setup and configuration. The email setup is straight forward as you can see from my tutorial video, but the configuration of your email client (Thunderbird, Outlook, Mail) seems to be troublesome.

[Click this link to watch the video.](#)

If you need any assistance with your email setup be sure to get in contact with us, and we'll advise you on the best way forward. You should become familiar with your cPanel control panel, it's your portal to your web hosting account. Over the coming months I'll continue to introduce you to other features of the control panel.

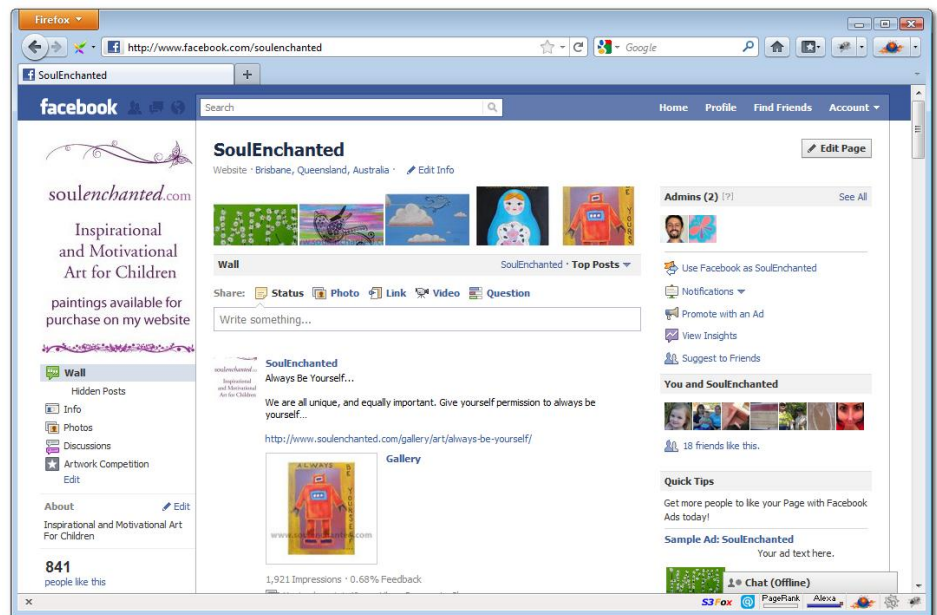

Testimonials

I'm always looking for more testimonials, so if we have helped you in any way that has impressed you and made you think "I'm glad I have Netrospect looking after my website and emails", I'd really appreciate it if you could send me an email about it. A couple of sentences is all it takes. **Anyone that sends me a testimonial will get 1 month FREE web hosting credit.**

Member Showcase of the Month

This month I'd like to showcase Janet Murray of <http://svarooopa.com.au>. Janet has been a member since Jan 2008. Svarooopa Yoga is a specialist style of yoga practiced and taught around the world.

There isn't much content on this website but even still has a Google Page Rank of 2 (on a scale from 0 to 10). That just means this website has some form of authority in the subject matter. In this case Svarooopa Yoga. This just goes to show you that you don't need much content to get ranked in the search engines.

New Inner Circle Members

Welcome to our newest members enjoying the benefits of becoming a part of our inner circle.
